EXTRA TIPS

Sunset will be at 6:40 pm in Jax for Halloween 2013.

The best photos will be taken with natural outdoor light... no flash til dark!

Get down low to your kids level.

Avoid background clutter (like vehicles) whenever possible.

Look for every little detail; not every shot has to be of a smiling face.

Make taking photos fun for you and the kids... don't stress about getting the perfect shot.
